Caledon 4 Sept. 1847

May it please Your Honor.

I am a poor man, having a wife and helpless family to provide for, without any other means of subsistence than my own labor, and finding myself oppressed and aggrieved, I have taken the liberty respectfully to solicit protection and redress from Your Honor, under the following Circumstances;

Sometime in the month of Nov. 1845, I went to squat on the wild farm, W. 1/2 lot 20, con. 4, E.H.S. Caledon. This I did without having given notice at the govt. office of having so done: intending, as soon as I had improved the farm so as to render it productive, to apply to govt. for the land and obtain it by purchase.

I proceeded to chop six acres, two of which had been cleared and under cultivation during the past summer, having been cropped with potatoes and corn: I built also the walls of a log house, and had the rafters and shingles prepared to complete the building for the accommodation of my wife and little ones during the coming winter.

The value of these improvements Your Honor will permit me to state for your information:
chopping 6 acs. (at \$6 per acre, having boarded myself..\$36
clearing 2 acs. (at \$4 1/2 per acre). This is fenced
with logs which is not regarded as legal
fence. Fenced with rails, it would be worth
1 or 1 1/2 dollar per acre in addition...

\$ 9

(cont'd)

Putting up walls of a log house.....	\$20
Total value of improvements..	\$65.

These improvements I have rather underrated than misrepresented by any overstatement of their Value, as any person acquainted with the worth of clearing land can easily satisfy Your Honor.

Lately I have discovered that a person of the name of Memneyau (Francis, I believe; for there are three brothers of the name, and I may therefore be in error as to the Christian name of the party,) living in the 6th con. of Caledon, and therefore in the neighborhood of the farm, having represented during the past summer at the office in Montreal, that the farm was unimproved, obtained permission from the govt. to commence paying instalments on the land, thus taking the most decisive step to disposses me, and refusing at the same time to let me have any remuneration whatever for my improvements.

Your Honor will therefore see at once that my case is one of unmitigated hardship. Here a person living in the neighborhood, who could not be ignorant of my having settæd on, and improved the land, by misrepresentation made to the govt. officer, comes in over my head, refuses me any reward for my improvements, and turns me out without house or home, to sustain, as my little family may, the rigors of a Canadian winter: when I had vainly

supposed that I had the prospect of a comfortable residence for my little ones, and the hopes of a cleared farm supplied by my own industry and perseverance.

Being alarmed at this, I applied to Memneau, (who it seems, dont want to settle on the property) to sell it to me, offering to pay him fifty dollars every year for six years to come; but this was refused. He refused also to allow me anything for the improvements I had made. Under these circumstances I applied to Mr. Baines at the Govt. office in Toronto for redress or recompense for my labor; and he Sir, has referred me to you. In conformity therefore with his advice, I have put you to the trouble of this communication.

Now, may it please Your Honor, I contend, with respectful submission to your better judgment, that I have a right to the land as being the first settler; and as having given evidence of my intention to settle bona fide on the farm. And therefore I respectfully request Your Honor to acquaint me, on what terms your Honor as the official organ of the govt. will condescend to treat with me for its purchase. I am willing to pay for it by instalments as Memneau has been permitted to do; and it can be no injustice to him to Cancel an agreement which he had obtained by misrepresentation, and falsehood. Whereas to dispossess me without recompense under the circumstances of the case, will be an act of aggravated spoliation; never once to mention the Cruelty of exposing my wife and helpless baby to the severity of the approaching

winter without house or home to shelter them.

Should Your Honor condescend to reply to this communication, a letter, directed to George Morrow, Sandhill Post Office, Canada West, will find me, and I shall lose no time in complying with Your Honor's direction

(sgnd) George Morrow.

Honble D. B. Papineau,
Commr. Crown Lands
Montreal.

Home Dist. Agency Toronto 15 Sep. 1847

Sir

I have the honour to report on the petition of George Morrow (4 Sept. 1847) that before I recommended that the lot 20 - 4 con. Caledon should be sold by auction, I made every inquiry in my power as to the correctness of the statements made to me, by those who have become the purchasers and in every instance I was told that they were the only occupants - When it was ordered for sale I sent to Caledon 75 printed notices directing them to those who lived nearest the lot, also the different Land Agents in the City.

It was not until about 10 days after the sale that the Petition (who is a brother in law to Barnett who was the purchaser of the S.E. $\frac{1}{4}$ of this lot) called with a long petition, complaining of the

Sale, he acknowledged that he had seen one of the printed notices, but could not attend~~d~~ as he was hired as a Labourer to a Farmer.

So far from my recommending him to apply to the Commr. of Crown Lands I distinctly told him that it was useless as the Govt. would not take into consideration claims made by persons who had gone upon Lands without authority - I also told him that I would assist him in every way in my power to obtain another Lot.

(sgnd) T. Baines.

Hon. Commr. of Crown Lands.

(rough draft of letter) - not dated.

Mr. George Morrow,

Sandhill P.O.

Sir

In reply to your letter of the 4th inst. I beg to state that I do not conceive that there is any reason for disturbing the Sale made to Philip Mainnaugh that Ample notice was given ~~about~~ the land was open for sale - of which it appears you were aware, and if able to do so you had an opportunity of securing your-

self in the possession of the land..

(no signature)

.... I, Patrick Minnaugh of Twp. of Caledon,... have assigned ... to Archibald Findley, of Twp. of Adjala Simcoe Dist... all my right and title out of or into a Plot of land, known as the E. $\frac{1}{2}$ lot 20 con. 4, Caledon.

10 June 1847

Andrew Brown petitions that in 1828 he was located on lot & had performed settlement duties. He has since learnt that lot was Pat. in 1845 to Mr. Jas. Henderson, he desires that another lot be granted to him and value of his improvements be refunded to him, viz.. 194 dollars.

Petitioner located in 1828, filed in 1835 an affidavit for performance of Settlement duties. Inspection report of 1842 reported it unoccupied & unimproved, owing to improvements being in centre of lot. After publication in Schedule of 1839 it had remained unclaimed, it was declared forfeited & subsequently sold to Mr. Henderson.

Suggested Petitioner be allowed Scrip to amount ^{of} ~~£~~ £50 as compensation for improvements, & £40 in scrip as value of 200 ac. lot at 4 shillings per acre in full satisfaction of his claim.

6 Sept. 1848.

Thos. Bell writes that some time ago he had petitioned as agent for Andrew Brown for deed of Lot. The £90 awarded Brown was not more than $\frac{1}{4}$ the value of property & was far short of what Brown had expended on the land.

A further application was made to see if he could obtain land as he had already sold it and a law suit pending over him to compel him to make a title. No answer had been received

23 Sept., 1848

Recommended that petitioner receive £130. being amount received from Mr. Henderson less £9.2.4 pat. fees.
